FREE Training sponsored by the Utah Sheriffs' Association

Utah Constitutional Policing

Designed for Utah law enforcement, this course teaches officers how to apply the First and Fourth Amendments in real time, prevent retaliation claims, avoid unlawful searches and seizures, and understand when intervention is legally required. Officers will leave with practical tools to reduce civil liability and make sound constitutional decisions under pressure.

Advanced Search & Seizure

Knowing when and how to conduct a search or seizure is a critical part of good police work. This course breaks down the Fourth Amendment and how it applies on the street, giving officers the tools they need to make solid, defensible decisions in the field. You'll get hands-on with the legal foundations behind search and seizure—when you can act, when you need consent or a warrant, and what happens when you cross the line. Through case studies and real-world scenarios, you'll build the confidence to handle these situations the right way.
