Advanced Traffic Stops

Making a traffic stop is one of the most common—and sometimes most legally tricky—things cops do. This course helps officers sharpen their skills in making stops that are both effective and legally solid. You'll get a handle on the real-world application of constitutional principles so your stops hold up in court and build trust with the community. You'll learn the nuts and bolts of key traffic stop topics—like the motor vehicle exception, pretext stops, vehicle searches, and passenger questioning. We'll also cover the big court decisions that shape how you do your job, and dig into things like K9 sniffs, inventories, and probable cause searches.
Tuesday, April 27, 2027 | Time: 8:00 AM - 5:00 PM | Cost: **$225**

Advanced Criminal Investigations

Tough cases call for solid legal skills and a deep understanding of what the courts expect from your work. This course builds on what you already know and takes it up a notch. It helps you tackle advanced search and seizure issues, manage informants, and navigate tricky legal situations with confidence—all while making sure your cases stand up in court. You'll learn about complex legal issues that come up in major cases—like search warrants, managing informants, and working in high-risk environments. The course highlights the importance of knowing the law inside and out so that your work is solid in court. You'll also learn practical ways to handle arrests, searches, and other challenges without getting tripped up by technicalities.
Wednesday, April 28, 2027 | Time: 8:00 AM - 5:00 PM | Cost: **$225**

Bulletproof Report Writing

A well-written report can be the difference between a strong case and one that falls apart in court. This course gives officers the tools to write clear, detailed reports that stand up to legal scrutiny and support successful prosecutions. You'll learn how to put your observations and actions into words that make sense to judges, prosecutors, and defense attorneys alike. From explaining probable cause to describing what you saw and did, you'll build the skills to write reports that are thorough and easy to follow. The course also shows how solid documentation can discourage suppression motions and help you recall key details when testifying in court.
