Mastering Search & Seizure

Knowing when and how to search is key to building strong cases that hold up in court. This course gives officers a deep dive into search and seizure law, with a focus on real-world application in a variety of policing situations. Building on lessons from Blue to Gold's Advanced Search & Seizure and Advanced Traffic Stops courses, you'll also tackle important topics like community caretaking and the emergency aid exception. Whether it's a consent search or a warrantless vehicle search, you'll learn how to make solid, defensible decisions that protect your case—and your department.

Real World De-Escalation & Duty to Intervene

You'll learn practical skills to recognize when things might be about to get out of hand—and how to use communication and non-escalation tactics to keep them from boiling over. Real-life scenarios and interactive exercises bring these skills to life so you're ready for whatever comes your way. You'll learn about the legal requirements and department policies that spell out the duty to intervene, and why it matters. The course also covers the serious consequences of failing to act, including discipline, lawsuits, and even criminal charges. Through real-life case studies and scenarios, you'll develop the confidence to do the right thing—while keeping yourself and your colleagues safe.
